BARRICK RESOURCES (USA), INC.

October 24, 1991

RECEIVED

OCT 28 1991

DIVISION OF
OIL GAS & MINING

Mr. Lowell P. Braxton
Utah Department of Natural Resources
Division of Oil, Gas, and Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, UT 84180-1203

Dear Mr. Braxton:

Subject: M/045/017-88 (1) Tooele County, Utah

Pursuant to Division correspondence dated December 21, 1990, and subsequent correspondence dated July 30, 1991, please find attached the conceptual closure and post-closure monitoring plan for Dump Leach Area No. 3. Additionally enclosed are the revision pages to the revised MRP, numbered and dated as replacement pages, and all associated maps and drawings as replacements or supplements to the revised MRP.

Included within the changes, Barrick has addressed the Dump Leach Area No. 3 water supply line corridor, topsoil management. This disturbance has also been included on the Final Reclamation Plan, map 2.4-1 and surety bond reference, map 2.4-2. Please note, this is a minor change and does not necessitate any changes in surety contract calculations.

The enclosed material should complete the submittal for clarification of Barrick's approved, revised MRP. Please contact me should you have any questions concerning this submittal.

Respectfully,

David P. Beatty

David P. Beatty
